Embracing Autumn

weep not
for the days of
spring

Sweet as they were

long gone, but not forgotten
Nor for the languid days of summer

long gone, but not forgotten
Nor for the languid days of summer

Warm and somnolent
seductive and serene

Embrace the cooler,
bracing days of autumn

Hold your loved ones closely and
savor the sweetness of foreshortened time
live each moment to its fullness

take all that you
have become

throughout
the years

And sip it gratefully

As a well-aged wine

Summon your
strength

and burst into autumnal
radiance

Summon your
strength

and burst into autumnal
radiance

*Celebrating the gift
of your unique life*

and sacred creativity

My dear friend and loved one
I will ~~never~~ forget you
any unhappiness comes from
forgetting ~~with you~~
Remember and be back close

Leave a lovely
legacy for ~~those~~
you love and leave behind

Knowing you will
forever with them

when all is done

lie down in winter's
whiteness, absolute peace

And take your

well-deserved rest
